

Change to EdIndex April 2018

From 13 April 2018, Lister Housing Co-Operative will be advertising their homes through Key to Choice.

Lister Housing Co-Operative own 185 homes within Edinburgh's Old Town.

What is a Housing Co-Operative?

Housing Co-Operatives need you to apply for co-operative membership before you can be offered a home with them. This will involve you meeting with Management Committee Members to discuss your application before your Membership application is accepted. The Management Committee has absolute discretion to accept or reject an application. You will be expected to support the work of the co-op and attend the Annual General Meeting.

How will this affect the choices I have when bidding?

You will have more homes to choose from when placing your 3 weekly bids. If you do not want to apply for co-operative membership do not apply for Housing Co-Operative homes.
